164 LETTERS OF APPRECIATION

172 CORPORATE SOCIAL RESPONSIBILITY

I still remember, when I joined my father, I was 19, riding 18 kilometers with table mats and menus hooked at the back of my bicycle to be delivered to a restaurant in the heaving city of Mumbai.

I still remember at 22, the day I set foot into my first manufacturing unit with a team of 4; today is a team of over 300.

I still remember, it was 1992, the first time I visited this beautiful country and this lovely city, Dubai. I simply loved it and so came our first business here. Today, we are one of the most sought after hotel supplies company here.

I still remember, 2001 the first major hotel project we clinched - Dubai's first exquisite Arabian resort. Today, we hold a majority market share here, in our range of products.

I still remember, at every stage I learnt; from this place, from the world, from the industry, from you. And I still remember that learning is an ongoing process that never stops. Success and learning go hand in hand.

I still remember every moment, every instant and every person on our journey to becoming one of the leading suppliers to the hospitality industry worldwide with close to 800 hotels in our portfolio and still growing.

RE: Letter of Appreciation

I would like to take this opportunity to congratulate you and your company for helping us to meet our deadlines with the opening of Madinat Jumeirah, The Arabian Resort of Dubai with the production of all leather items to include menu's and in room guest items.

Your efforts and attention to detail in excess of 40 differing pieces was second to none and it is only through your care, diligence and motivation and the combined efforts of your team, that we were able to meet our opening date with a very high quality set of leather collaterals.

Riaz you have worked over and above the call of duty to assist us with this volume of work and I feel very confident when dealing with Rikan Trading overall that you have the professionalism and facilities to deliver high quality work consistently.

Once again I am now a great advocate of your company and personally thank you and your staff for the dedication and 'extra' care you have demonstrated in the production of leather collaterals for Madinat Jumeirah.

Keep up the excellent work - all of you!

Kind regards

Dear Riaz,

I am pleased to write this letter in appreciation of the excellent quality of products and services that Rikan had provided us during project stage and now during operations for our distinguished hotel "The Monarch Dubai".

The genuine leather and brass accessories that you have supplied for the rooms are second to none in quality and finish. We have received very positive views from many distinguished guests and from senior members of our owning company. The menus that you have produced for all our outlets are indeed very unique, attractive and a great example of how professionally you have put into reality, in the form of a finished product, what was a good design just on paper.

I thank your team and yourself for all the effort that you have put in completion of the order and supply in time for our opening. I have become a very vocal advocate of your company and will be pleased to refer you to other hotels and also continue working with you on our group of hotels now and in the future.

I wish you and Rikan great success which you sincerely deserve.

Dear Russel,

I am writing to thank you for all your assistance over the last 2 years. It has been a pleasure working with you to prepare for our hotel opening.

During the ordering and design stage, I have appreciated your flexibility with regards to the multiple changes we made, your patience with sending samples again and again, your and your team's technical expertise, your advice and knowledge. It was a difficult process, due to the complexity of the project, the large number of persons involved in the purchasing from our side and the delays in opening. However, with your help, we did it in the end!

It has been fantastic receiving all the finished products. We were all impressed by the quality of the items delivered. Each item matched the specifications and the quality of the samples. I have no doubt that you will receive further orders from us as we start operations.

Once again, our thanks to you and all those at Rikan, and I look forward to having the opportunity to work with you again.

The items that you have produced for our facilities are indeed very unique, attractive and a great example of how professionally you have to put into reality, in the form of a finish product, what was a good design just on paper.

I thank your team and your marketing person Mr. Mohammed Zain for all effort that you have put in completion of the order and supply in time for our opening. I'll be pleased to refer you to other hotel properties and also continue working with you on our hotel now and in the future.

I wish you and Rikan team great success which you sincerely deserve.

Yours Sincerely,

To whom it may concern,

This letter serves as a recommendation for the services provided by Rikan General Trading LLC. In my capacity at The Ritz-Carlton Doha and The Ritz-Carlton Dubai I've worked on several projects over the previous 5 years and I've always been impressed by the workmanship and professionalism provided.

In particular I've dealt with Mr. Riaz Khimani and Mr. Russel Stokoe. I have found both gentlemen to be very pleasant and cooperative in ensuring they provide the desired service and product. I have always found the gentlemen to be honest and flexible in meeting some of our challenging requests.

The Ritz-Carlton Doha and The Ritz-Carlton Dubai have utilized Rikan Trading for an array of products including leather items for the guestrooms, leather items for the limousines, waste bins and other bathrooms accessories for both public areas and guestrooms, blotters for the front desk and many other projects.

I have no hesitation in recommending the services of Rikan General Trading LLC and please feel free in contacting me if I can be of any further assistance.

Yours Sincerely,
